Spill Pallets - Ideal platforms for indoor storage of 110, 200 Litre drums and 1000 Litre IBCs.

- Injection moulded for consistent wall thickness, excellent finish, lighter weight and extra strength.
- Both the 2 drum and 4 drum Spill Pallets are the same height, offering compatibility and easy transfer of drums.
- Grates can be interchanged between the pallets and offer large openings to easily remove spills.
- Nestable pallets allow you to make better use of plant, warehouse or trailer space.
- Optional ramp works with both the 2 drum and 4 drum Spill Pallets.
- Engineered to make sure you can easily use your forklift or pallet jack to relocate your pallets.

Our Spill Decks and Spill Pallets* were compression tested to +13,500Kgs and found to be in a like new condition after testing ... or as the compression testing house said ...

"We had to stop at 13,636kgs in order to avoid damaging the test rig!"
